

# ROMAX<sup>®</sup> CUBE

**Be Smart**  
Intelligent Motion Sensor Technology

## Intruder Activity

instant alerts to your smartphone

*Giving you peace of mind for monitoring and security applications.*

Monitoring uses for:

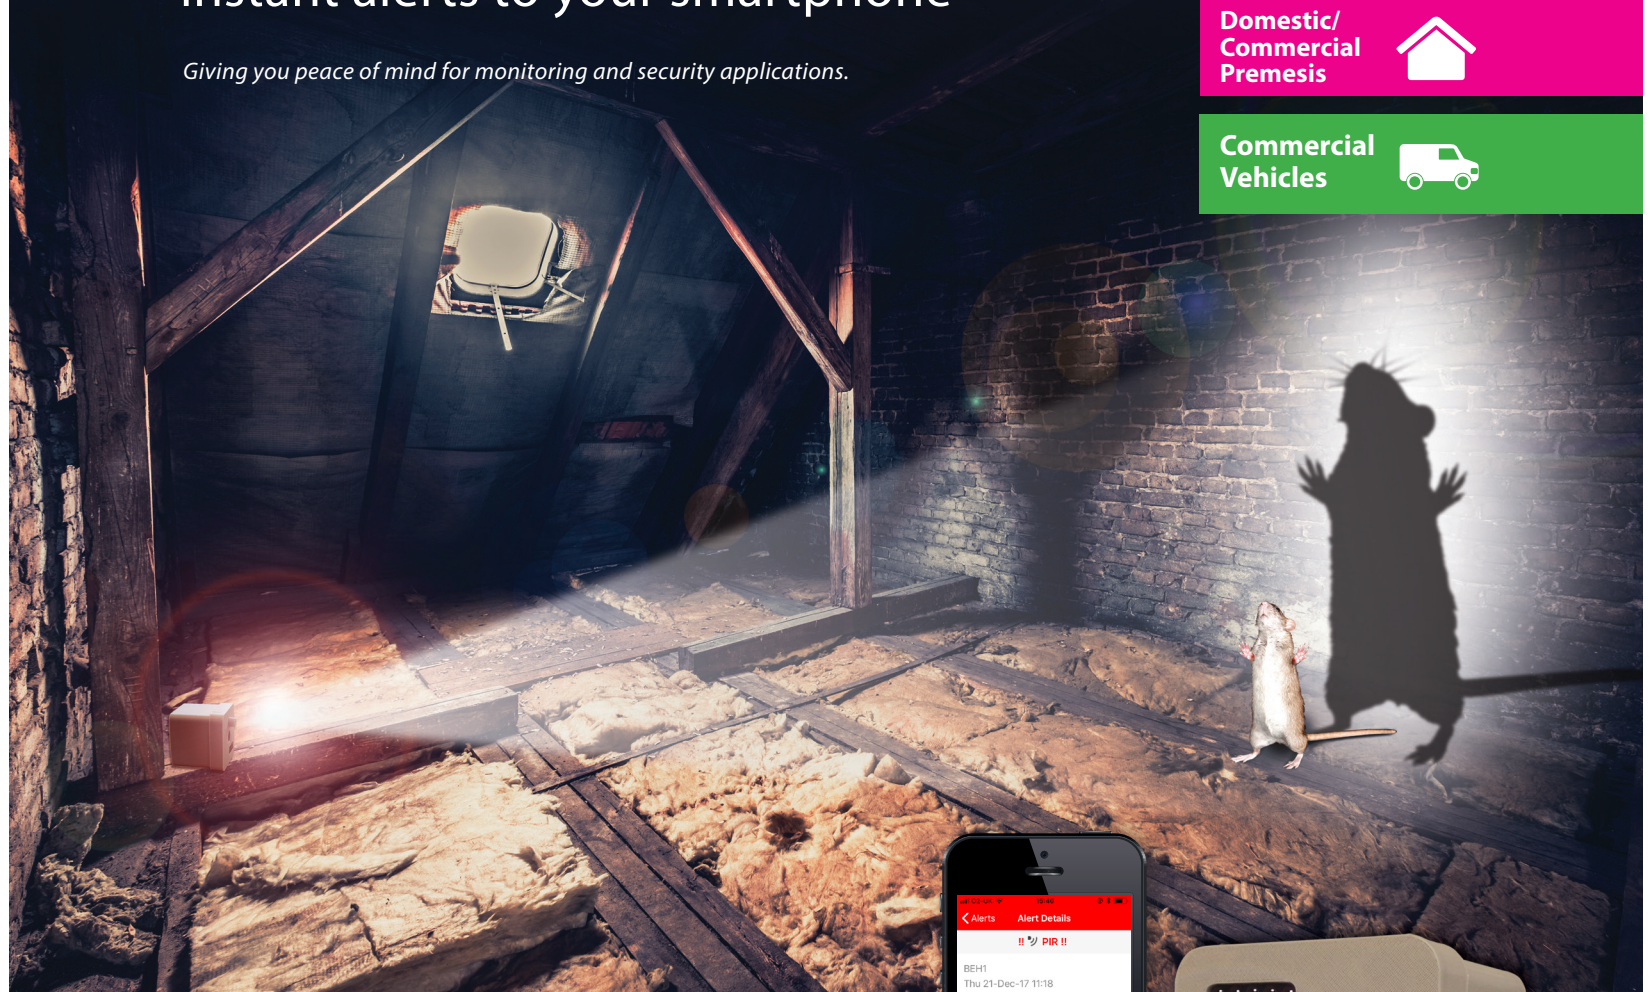

Pest Traps

Domestic/  
Commercial  
Premises

Commercial  
Vehicles

### The Romax<sup>®</sup> Cube Features:

- ✓ One Romax<sup>®</sup> Cube can monitor up to 10 traps (movement tags) within a 50 metre range.
- ✓ Passive Infrared Detector (PIR) sensor- detects any movement within a 135 degree angle.
- ✓ High resolution Camera, date and time stamped photos once movement is detected.
- ✓ Bluetooth 'movement sensor tags' – if traps have been activated you will be sent a real-time alert within 60 seconds.
- ✓ GPS location- the alert from the Romax<sup>®</sup> Cube, including the trap's, can be forwarded to colleagues who might be better placed to attend.
- ✓ The Romax<sup>®</sup> Cube uses a cross network SIM and the 2G cellular network, working in the most remote locations.
