

## MoBe Roach Gel 4 x 35g

Authorization number: GB-2016-1042

A ready to use insecticidal gel bait for the control of Cockroaches for indoor use.

**TARGET SPECIES:** German cockroach (*Blattella germanica*), Oriental cockroach (*Blatta orientalis*), nymphs, adults.

**CONTAINS:** Imidacloprid 2.15%, Excipients 100% cps, the product contains a bittering agent.

**APPLICATION DOSES AND MODE OF USE:** This product should be applied using a measured dose bait applicator. Indoor use. Open bait application. **German cockroach:** Low infestation rate 0.1g/m<sup>2</sup>; high infestation rate 0.2g/m<sup>2</sup>. One drop of 0.1 g is equivalent to 5 mm diameter. Maximum of 6 applications per year. **Oriental cockroach:** Low infestation rate 0.2g/m<sup>2</sup>; high infestation rate 0.3g/m<sup>2</sup>. One drop of 0.1 g is equivalent to 5 mm diameter. Maximum of 6 applications per year.

**PRECAUTIONS:** Apply the biocidal product only in cracks and crevices. If a large number of cockroaches are visible or are suspected, refer to the application rate for "high infestation". If only a few or individual cockroaches have been seen, refer to the application rate for "low infestation". Do not expose bait drops to sunlight or heat source (i.e., radiator). Before treatment, remove all sources of food for cockroaches (waste, food scraps, etc.) from the infested area to encourage the ingestion of the gel. Apply the gel to identified areas but also between food sources as well as warm and humid sheltered areas (corners, cracks, crevices, air ducts, behind baseboards and appliances, along pipes, close to water points). During inspections, check the treated area and if necessary, replace the gel used as cockroaches leave secretions and faeces to attract others. Dried gel should be replaced in order to maintain palatability of the product. Inform the authorisation holder if the treatment is ineffective.

**STORAGE AND DISPOSAL:** Dispose of container/content in a safe way and according to local guidelines/legislation. Keep away from food, drink and animal feed. Keep out of reach of children. Shelf-life: 24 months.

**USE INSECTICIDES WITH CAUTION. ALWAYS READ THE LABEL BEFORE USE. PROFESSIONAL USE ONLY.**

### HEALTH, SAFETY & ENVIRONMENTAL INFORMATION
