

Flying Insect Killer

INSECTICIDE

- ✓ Rapid control - quick knockdown
- ✓ Clean and easy to use
- ✓ Quality professional formulation

DANGER

Flying Insect Killer

contains: d-tetramethrin 0.15% w/w and d-phenothrin 0.15% w/w

Extremely flammable aerosol.

Pressurized container: May burst if heated.

Very toxic to aquatic life with long lasting effects.

Do not spray on an open flame or other ignition source.

Do not pierce or burn, even after use.

Do not breathe spray.

Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.

Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste.

To avoid risks to human health and the environment, comply with the instructions for use.

HSE 8771, PCS 96516

Flying and crawling insect control

Contents :
400 ml e

FOR USE ONLY AS AN INSECTICIDE

A pre-pressurised handheld aerosol for use against flying insects such as flies, mosquitoes and other small flying insects by application as a space and surface spray. Can also be used against crawling insects such as ants, bedbugs, cockroaches, fleas.

Directions for use

For the control of flying insects, close all doors and windows and direct spray upwards into the centre of the room with a slow sweeping motion, 5-10 seconds in an average room (30 m³). Vacate room and keep door closed for 15 minutes. Ventilate before re-entry.

Spray can also be used directly on visible insect pests or applied in cracks and crevices suspected of harbouring crawling insect pests.

Repeat as necessary.

STATUTORY CONDITIONS RELATING TO USE

For use only as an insecticide.

Application:

Space Spray:

Spray for 5 to 10 second in an average room

Direct Spray:

Spray from a distance of 15 cm directly onto insect.

Spray for 2 seconds for use against cockroaches and bedbugs. Spray for 1 second for use against fleas.

Residual Spray:

Spray from a distance of 20 cm directly onto infected surfaces. Spray for 2 seconds for use against cockroaches. Spray for 1 second for use against bedbugs and fleas. Repeat if necessary.

Repeat if necessary.

FOR AMATEUR USE

Do not breathe spray.

FOR INDOOR USE ONLY.

DO NOT CONTAMINATE FOODSTUFFS, EATING

UTENSILS OR FOOD CONTACT SURFACES.

Avoid contact with skin.
